STATE OF MINNESOTA

ORDINANCE NO. 08-178

AN ORDINANCE AMENDING SECTION 154.205 FENCING REGULATIONS OF THE
LAKE ELMO CITY CODE.

SECTION 1. The City Council of the City of Lake Elmo hereby amends Title XV: Land
Usage; Chapter 154: Zoning Code; Article VII: General Regulations; Section 154.205:
Fencing Regulations by amending the following:

§ 154.205 FENCING REGULATIONS.

A. Purpose. The purpose of this Ordinance is to provide for the regulation of fences in the
City of Lake Elmo and to prevent fences from being erected that would be a hazard to the
public, an unreasonable interference with the uses and enjoyment of neighboring property
or are incompatible with existing uses and other zoning restrictions.

B. Definitions. The following words, terms and phrases, when used in this Section, shall
have the meaning ascribed to them in this subsection, except where the context clearly
indicates a different meaning:

Permanent Fence. Fences that are installed in a fixed or enduring manner that are not
intended for a seasonal or temporary purpose.

Temporary Fence. Fences that are installed and removed on a seasonal basis, such as snow
fences, garden fences and seasonal recreational fences, such as hockey boards.

C. Permit Required.

1. Permanent Fence. No permanent fence shall be erected without first obtaining a
fence permit. Application shall be made to the Planning Director. The fee shall be
established by the City’s Fee Schedule. The Planning Director is authorized to
issue a fence permit if the application indicates that the fence will be in
compliance with this Ordinance. The Board of Adjustment and Appeals shall hear
and decide appeals when it is alleged that the Planning Director was in error. The
appeals shall follow the procedure outlined in §31.01.

2. Temporary Fence. Temporary fencing that complies with subsection (F) and all
other applicable provisions of this Ordinance shall be exempt from permit
requirements.

D. General Requirements. All fences erected in the City of Lake Elmo are subject to the
following requirements:

5. **Location.**
   
   a. Fences may be installed on any portion of a lot subject to the height restrictions of §154.205.E and may be installed along or within one foot of property lines provided the adjacent property agrees, in writing, that such fence may be erected on or within one foot (12 inches) of the boundary lines of the respective properties. Any portion of the fence and all footing material shall not encroach on the neighboring property.
   
   b. All pertinent property pins shall be visible upon inspection for fences installed within one foot (12 inches) of a property boundary.
   
   c. In the case of a dispute, the City may require a survey to establish the boundary line of a property.

E. Fence Height and Design

1. **Fences within Front and Side (Corner) Yards.** Any fence within a front or side (corner) yard setback or any required setback from a public right-of-way may not exceed forty-two (42) inches in height and must be 50% open to air and light.

2. **Residential and Mixed-Use Districts.** No fence shall exceed six feet (6') in height, and shall be subject to the design requirements of §154.205.E.3.

3. **Residential Fence Design Requirements.** Solid wall fences over four (4) feet in height shall be prohibited on any lot under ½ acre (21,780 square feet) in size. Any
