VARIANCE PROCEDURE¹ FOR THE CITY OF LAKE ELMO

The Lake Elmo City Code was established to protect both current and future residents from the negative impacts of improper development and to ensure a positive future for the city. A variance request is the mechanism that allows the City Council to determine whether a project deviating from code should be permitted. In order to successfully receive a variance, there are a number of steps that must be followed:

1. Contact city staff to discuss your proposed variance and obtain a land use application form from City Hall.
2. Put together an informational packet (described herein) that outlines your request and outlines all reasons as to why the variance should be granted.
3. Submit your completed packet to staff by the applicable due date for review. Staff will examine your information to determine if the application is complete, and contact you if additional information is required or was omitted. It is to your advantage to submit your materials as early as possible so staff can assist you in meeting all requirements. Applications found to be incomplete will be returned to the applicant.²
4. Staff will address completed applications by requesting comments from partnering agencies, scheduling meetings, writing reports, and noticing a public hearing.
5. The Planning Commission will hold the scheduled public hearing (2nd or 4th Monday of the month³); and will forward recommendations to the City Council for consideration (1st or 3rd Tuesday of the month³). Applicants are advised to attend both the commission and Council meetings and be open to questions regarding the request.
6. The City Council will consider the request and either grant or deny the variance.

Above all else, it is imperative that an applicant begin preparations as early as possible to ensure the application is submitted by the due date in any given month (**see page 5 for due dates**). Please anticipate that review by the Planning Commission will not occur until at least one month has passed from the date of submittal.

The City Council has established a **non-refundable fee⁴ of \$750.00** for processing variance applications.

Please note that it is the responsibility of the applicant to provide all required information and to illustrate all reasons why the requested variance should be granted. City staff is not authorized,

¹ The information provided in this document is intended to be a correct statement of the law as set forth in the Lake Elmo City Code and the laws of the State of Minnesota. However, the applicant should refer to the actual sources and consult with their own legal advisor regarding applicability to their application. In providing this information, the City makes no representations nor provides any legal advice or opinion.

² Minnesota State Statute 15.99 requires local governments to review an application within 15 business days of its submission to determine if an application is complete and/or if additional information is needed to adequately review the subject request.

³ Staff will determine when applications are reviewed based on the time needed to review the application and the number of items already scheduled on future agendas. Please note that meeting dates are subject to change due to holidays, lack of quorum, etc. Please contact City Hall to confirm all dates and times.

⁴ Applicant is also responsible for any additional fees incurred by the City (i.e. engineering, planning, postage, legal expenses, et cetera).

nor permitted, to prepare applications since the “burden of proof” rests with the applicant to justify the specific request.
